Elmira SHS Class of 1976

Our Mission: No Classmate Left Behind

What does this really mean?

- To identify and pay tribute to our fallen classmates (79+)
- To attempt to locate all of our classmates by any means necessary utilizing everyone's help to do so. (501 in our class)
- Provide an all-inclusive environment at all venues. Come as you are. Come as who you are or have become. (No Judgements)
- Introduce classmates to technology that they may not be familiar with including video conferencing, texting, etc. (Connect w/Technology)
- Provide a private social media environment and experience away from politics, religious, economic and moral issues. (Helping Our Own)
- Continue to attempt to locate classmates even after this 50th Reunion and into the future. We have a shared history and now have similar challenges in our remaining years. (Continue Helping of Our Own)
- Provide all classmates the opportunity to tell their life's story through a "Living Edsonian" yearbook concept for more in-depth, photo rich connections with our fellow classmates. (More Information to Come)
